# REAL OR WHACK?

Was  
"Worth It"  
Almost cut  
From 5H's  
Album?

**REAL!**

**W**hoa – can you imagine your iTunes library without 5H's mega-hit single?! We sure can't! When the girls were recording the song, they really didn't know what would come of it. "I honestly didn't think it was going to make the album," Lauren reveals. Dinah thought the same! "It's funny because we walked into the studio and were given this song, which was basically Kid Ink's," she shares. "There were no females on it and so we had to change some of the lyrics and a bit of the concepts to make it fit our perspective. Then, we went into the studio without thinking we were ever going to take it this far. They always say it's the song you don't expect that pops and we definitely weren't expecting this!"

## Did Taylor's Pal Play Matchmaker?

**I**f you ship Tayvin, – who doesn't? – you have Ellie Goulding to thank for it! "It's true," Ellie says. "I played matchmaker because Calvin is a really great mate of mine and he's so fantastic." Of course, Ellie feels the same way about her BFF, T. Swift! "Taylor's such a cool person who I love," she smiles. "So, I thought, 'They're both really awesome and they're both really tall. They'd be brilliant together!'" LOL – that makes perfect sense to us! Taylor and Calvin had been hanging out together for a few months before Tay made it Insta-official and now Calvin even cat-sits for Taylor! Awww!

## Dating Update!

Are Bella Thorne & Gregg Sulkin  
A New Couple? **MAYBE**

**A**lthough Bella hasn't officially confirmed or denied this romance, the *Scream* star has nothing but sweet things to say about *Faking It*'s Gregg Sulkin! "He's one of the most amazing people I've ever met," she gushes. "He's so kind and so sweet. He's very caring even when he doesn't need to be! I think it's because he was raised in such a great way with his British manners!" Aw! In case you didn't know, Bella and Gregg actually go way back! "Technically, we met through the Disney circle," Bella reveals. "He was on *Wizards of Waverly Place* and I was just starting out on *Shake It Up*! We're just going to have to see how it goes over the next few months, but we've always been pretty close." Bella's not the only one who's been dropping hints of the budding romance! Gregg even dedicated his first #WCW (Woman Crush Wednesday) to Bella! How cute!

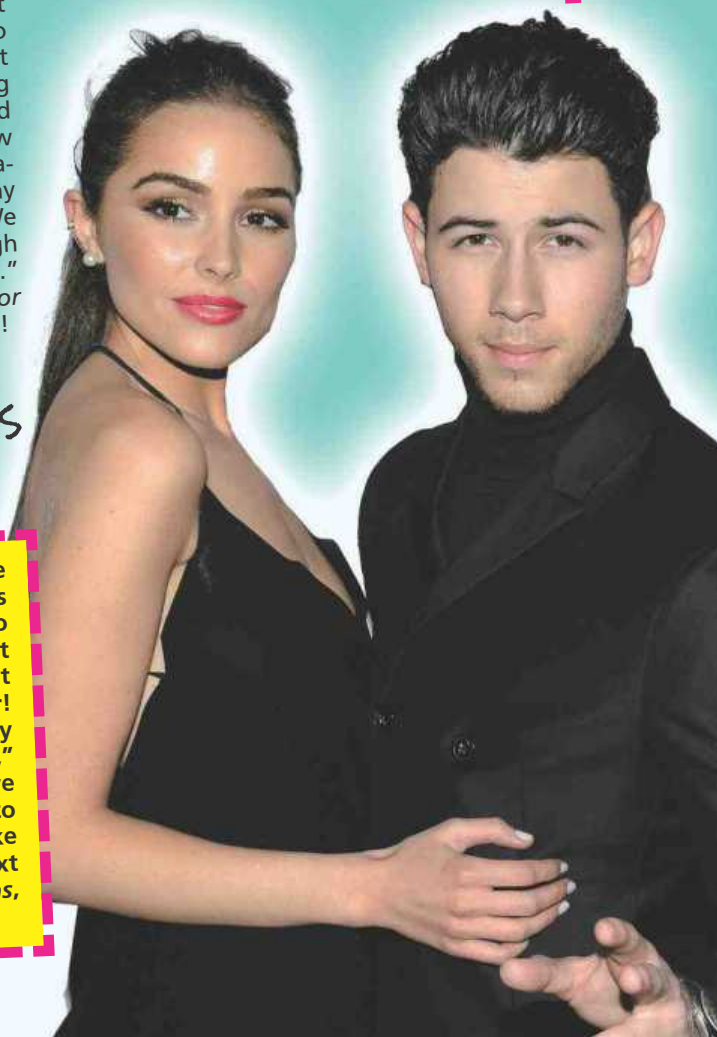

Are 5H's Lauren & ID's Louis  
Dating? **WHACK**

**A**fter being spotted together at the a party in London, it didn't take long before the two pals were rumored to be dating. Fans from all over the Twitter-verse freaked out at the news and Lauren became the victim of cyber-bullying – so scary! "It was all clearly coming from a place of hatred – girls behind a screen who were jealous - but I won't allow people who have no idea what's going on to dictate situations," Lauren says. "My phone had died and I had no way of getting home so Louis said, 'Jump in a car with me!' We got to know each other that night and he was nice enough to take me back. It was the first time we really hung out." We're glad to see these awesome groups (and *X Factor* alums) hanging out and enjoying their free time together!

Did Nick Jonas Call It Quits  
With Olivia? **REAL**

**S**ay it isn't so! Nick and Olivia, one of our favorite celeb couples, have officially called it quits. "It's very tough," Nick reveals. "We had a beautiful two years together and I have nothing but love and respect for her!" With the two's busy schedules, we imagine it was pretty hard to have much quality time together! "It's always hard but my thing now is focusing on my work and just staying as busy and as creative as I can," he shares. "These are the times you've just got to dive in and get lost in your work so that's what I'm trying to do." We're sure Nick's got a lot to stay focused on like his fall tour with BeBe Rexha (which kicks off next month) and his upcoming FOX series, *Scream Queens*, which premieres on September 22nd!

## What's Up!

Hope your summer was as epic as ours was! #TeamPopstar went to so many awesome concerts, like Show of the Summer at Hershey Park, WBLI Summer Jam at Jones Beach – Natasha even went to the Bahamas with R5! Teen Beach 2 was amazing, and wasn't Descendants just incredible?! We loved it so much we decided to give you two giant posters and a bonus mini mag!

It's sad to see that summer's almost over, but we know that you're going to do AMAZING in school this year! And remember, you may not be the best at every subject (don't even ask me about Geometry LOL), but all that matters is that you try your best! And whatever you do, don't worry about the word "popular" – it's kind of the most annoying word ever. Just be nice to everyone, don't forget to smile, and you'll make new friends in a flash! Send us a tweet @popstarmagazine and let us know how your school year is going! We love you!

# summer with the stars

Bella Thorne loved playing in the water and even learned how to surf!

Taylor Swift cozied up to Calvin Harris.

Becky G. & Austin Mahone chilled poolside.

Luke  
slayed  
onstage.

Louis  
Tomlinson hit  
up a music  
festival.

Rydellington had  
a blast in the  
Bahamas!

After making it through a rough Spring that saw Zayn leave the band, Harry, Liam, Niall and Louis were set on making this summer their best one yet! Here's how they did it.

# BEST SUMMER EVER!

They launched a new perfume – and a hilarious commercial to go with it! They traveled to far-away lands to secure the perfect ingredients for their latest fragrance, *Between Us*. Harry went to the mountains, Liam dove into the deepest ocean waters, and Louis went to outer space. But Niall had the best contribution of all: a teardrop! Be sure to catch the hilarious commercial in its entirety on YouTube!

NIALL GOLFING REX USA

They set time apart where they could just hang out! The past five years have been non-stop for 1D. But on their current tour, they've made sure to set aside free time to just be normal guys and hang out with friends. Niall got to play a lot of golf! And one night, they were spotted out with fellow *X Factor* alums, Fifth Harmony! "They're so, so, so, nice and some of the coolest guys we've ever met," said 5H's Normani. And we totally agree!

They acted goofier than ever onstage! When the boys' tour hit Oslo, Norway, Harry called out a VIP in the audience. "I have an old friend here called Jack Robinson," he playfully said. "I'm going to tell you a quick little story before we do the next song. I was about 14 years old and Jack Robinson stole my girlfriend! So if he's still here at the end of the show, feel free – little kicks, little digs on the way out! Jack Robinson – I love you sir!"

# Girls We Love!

# Kelsea

**T**his summer, Kelsea blew up when her debut single, "Love Me Like You Mean It" hit number one on the country charts!

Although it might seem like her fame hit overnight, Kelsea's worked for years to hone her craft and develop as an artist. Here, in her own words, the Knoxville, TN native describes her journey thus-far:

I remember I walked into my first record label meeting with a pink sparkly guitar case that was bigger than me. I grabbed my guitar, which I could barely play at the time, and they looked at me and said, "There's already a Taylor Swift." I remember being so discouraged at that point and I walked out just wanting to go home. After that, I tried not to be so passionate about writing, but that didn't work. That's when I realized that it was more than just a passion of mine; it was something that I believe is a gift that I was given at that point in my life to be able to deal with things and cope.

I've been writing for this record since I was 12. There's definitely songs of vulnerability on it, but I think there's a twist in all of them that still makes them uplifting and empowering. When I listen to it all, it's like a snapshot of my life from the ages of 12-21. The album is called *The First Time* because I feel like it captures what my life is about right now; there are so many firsts going on – the first time hearing my song on the radio, the first time going on a radio tour, and the first time performing at the Grand Ole Opry! Whenever I'm on a plane or just hanging out, I love getting on social media and chatting with all the fans. I want to be best friends with all of them! Getting to stand on stage and see it go from 1, to 10, to 100 people singing my song is such a new thing for me and is one of the coolest feelings ever. It's all I could ever ask for.

We have a feeling that the audience of 100 is going to turn into 100,000 very quickly. Be sure to follow Kelsea on Twitter @kelseaballerini!

# Laura's Music

**W**ith *Austin & Ally* being wrapped, fans (including everyone here at *Popstar!*) have been itching for a new way to hear Laura's awesome vocals! When news broke that she was the first pop artist to be signed to Big Machine Records, it was the answer we were all looking for! There's no word just yet on when Laura's debut album will be out BUT she did spill on what fans can expect from it! "They can definitely expect pop," she reveals. "I love pop! They can expect a One Republic/Maroon 5 kind of sound. That's the music I'm really drawn to." Um, that's totally perfect for any of our playlists! "I love to write and sing in that vein," she shares. "Lyrically, I love telling stories.

My goal for every song is that everyone can imagine a music video with it. Whenever I'm writing, that's always my first thing – what would the music video be for this?"

Can you imagine  
NEW Laura songs that  
are all accompanied by  
cool music videos?! SO  
EXCITING! Now that Laura's

been able to dedicate more  
time to developing her sound,  
she's found more and more  
things to love about music! "My  
favorite part of it all is performing,"  
she smiles. "I also love writing – that  
would be up top with performing!

Everyone has a different strategy for it. For me, I love to play the piano. There's going to be a large portion of my set where I'm just on the piano and sitting down – I think people connect with that." Of course, along with the excitement of what's to come, Laura's also been feeling really nervous! "When recording music, I'm always very critical," she reveals. "I feel like I sound really young. I want to make sure I appeal to younger audiences because I don't want to forget about those fans – they're amazing and awesome! But, I want to appeal to a larger audience as well. That's been my struggle because I'll be recording and then I'll hear the song back and think that I need to have an older vocal." Aw, don't worry about it Laura – we think you sound amazing just the way you are!

Are you excited to hear new material from Laura? Tweet us @popstarmagazine and tell us what you're looking forward to the most!

# Ari's Wise Words

**"I want the people reading this to know that they are MORE than enough"**

**A**ri's never been the type to silence her opinions and we LOVE that about her! The "One Last Time" singer uses social media not only to keep in touch with her fans, but also to share important life lessons. "Having something to say is not the same as having a bad attitude," she says. "I come from a long bloodline of female activists; my aunt Judy was the first Italian American female president of the National Press Club in Washington DC! I think she would be proud of me for speaking up about anything that has been bothering me."

Lately, there's been so much attention focused on Ari's love life that she decided to confront it head-on and say her piece: "I do not belong to anyone but myself and neither do you," she says. "I have SO much more to talk about! I'm currently making the best music I've ever made in my life, having the best time of my my life on tour with some of the greatest people I've ever known, working hard every single day, performing/creating for my babes and getting the chance to meet and hug all of them all over the world every day." We think that's a great answer! "I want the people reading this to know that they are MORE than enough on their own," she adds. "After being on my own now for a few months, I am realizing that I have never felt more present, grounded, and satisfied. I've never laughed harder or had more fun or enjoyed my life more than I do now!" That's what counts, right?!

The talented singer also had a lot to say about her loyal fan-base: "They've accepted and celebrated me not only as an artist but as a person," she smiles. "Nothing will change that or change me. The 'Honeymoon Diaries' I post are my way of sharing absolutely as much as I can with them. It's a safe environment for me to be myself and share funny, special, personal things with my fans and to laugh about silly things I've done/things I'm going through. I love them with all my heart."

Ariana's letter has over 100,000 retweets on Twitter!

## Ari's Top 3 Tips For Staying True To You:

- **Be nice to your brain - we often make things harder for ourselves than they really are.**
- **Remember that you're marvelous, individual, and incomparable.**
- **Try to focus on improving things you can actually control/change like your outlook, state of mind, ego, the way you treat others, the way you treat yourself, etc.**

# we • met Sabrina!

We were so psyched to host Sabrina Carpenter's NYC meet and greet at Planet Hollywood! Our favorite part happened right before the m&g, when we invited 5 very lucky contest winners to #HangWithSabrina at Buca De Beppo! Now, they're dishing about the awesome time they had!

"A year ago, the show wasn't out and neither was my album," says Sabrina. "This was the first event I had where I could get to engage with these fans! What was beyond incredible was the fact that I got to meet so many people that just said the sweetest things and made my day!"

"Meeting Sabrina Carpenter was the best experience of my life. Not only was she so gorgeous in person, she was also the nicest person I've ever spoken to! You can tell she really loves her fans and they love her right back!"

**-JADE**

"I was so nervous to hang out with her, but she was so friendly! I gave her a drawing I did of her and Rowan and she told me to never stop drawing and that she was going to hang it on her wall! She was so sweet and welcoming."

**-SERENA**

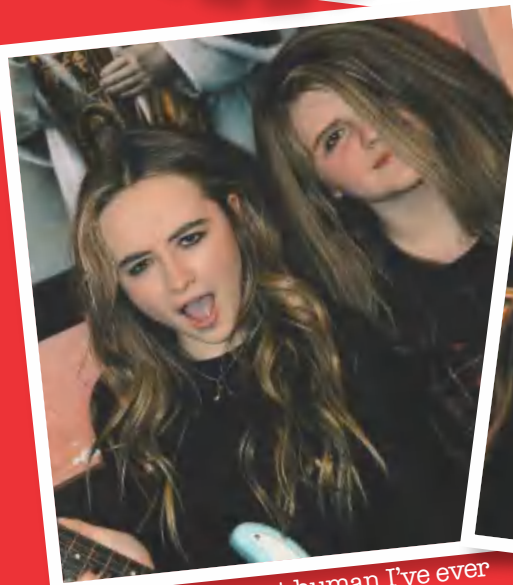

"Her love for her fans is incredible and it was an amazing experience to hang with my idol! I gave her a necklace with a music note on it and she wore it throughout the whole day, which made me so happy!"

**-REBECCA**

**"The best fan gift I got was a Cheshire cat," dishes Sabrina. "I had the exact same stuffed animal, but now I have two! It's just cool to know that the fans love my interests; they know me so well."**

**Sabrina performed songs off of *Eyes Wide Open* for her fans.**

**"She's the sweetest human I've ever met. It was so special and intimate - we just talked and ate garlic bread (which, by the way, was the most amazing garlic bread I've ever tasted). I wish I could relive the experience over and over!"**

**-SUMMER**

**"She's a beautiful person inside and out and I'm so happy that I got to hang with her. She truly loves and cares about all her fans! She's an amazing person and an incredible singer!"**

**-KRISTEN**

**Thanks so much for such an amazing day, Sabrina! xoxo, The Editors**

# 5SOS

KGC-243 STARMAX / IPX

# THEIR MOST EPIC PRANKS!!!

We think it's safe to say that Michael, Ashton, Luke and Calum have become certified prank masters! The 5SOS boys have been in prank wars with One Direction, Fall Out Boy's Pete Wentz, and Hey Violet. They've even pulled some seriously hilarious pranks on unsuspecting fans and strangers! Here are our faves:

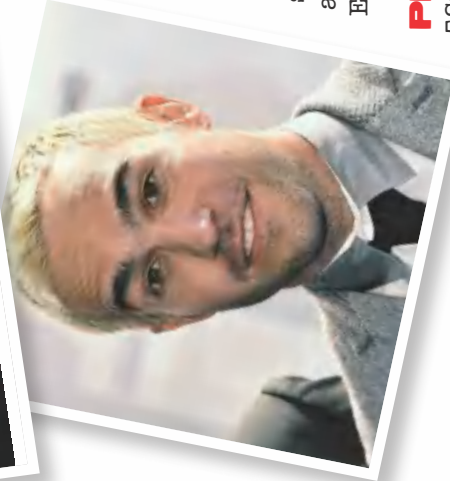

## TARGET PRANK

Last summer, 5SOS quit the music biz for a day to become Target employees! The boys, in full uniform, tried to promote their new album to strangers and it was SO funny! You can watch the entire vid on their official YouTube channel!

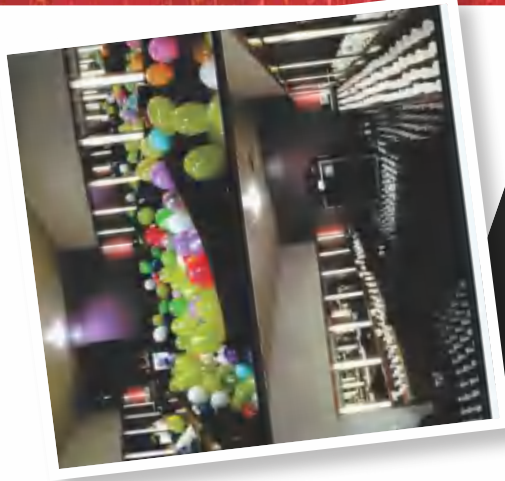

## JIMMY KIMMEL LIVE

While making an appearance on the late night talk show, fans of the group were told that they could record a message for the boys. As fans declared their love to the screen, the guys would step out and surprise them! The fans' reactions are EVERYTHING!

## PETE WENTZ

5SOS' Michael Clifford got a hilarious prank call from Fall Out Boy's Pete Wentz! Pete called him to explain how something he said in an interview about the guys was taken out of context and that he just wanted to give Michael a heads up before

the the interview made its rounds in the press! Of course, Michael soon caught on that it was just a prank and the pair laughed it off! "He's a good sport," Pete smiled. You can listen to the prank call on The Radio 1 Breakfast Show with Nick Grimshaw!

## HEY VIOLET'S BACKSTAGE BLOWOUT

5SOS and Hey Violet have started a prank war on their current tour! The Hey Violet members kicked things off when they taped a photo of their lead guitarist, Casey Moreta, in 5SOS' bathroom! LOL!

To fire back, 5SOS took pieces of bread and laid them out on the opening act's instruments and flipped over their furniture! "Well played, 5SOS," HV's Nia Lovelis tweeted after the prank.

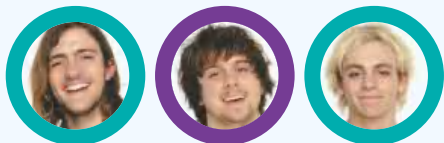

Their biggest prank? Hey Violet filled 5SOS' dressing room with balloons and dozens of cups filled with water were lined on the floor!

**GUYS! We are OBSESSED with "F.E.E.L. G.O.O.D." It's amazing!**

**Rocky:** The only writers on that song are the people on this couch.

**Eli:** And it was the last song we wrote for the album.

**Ross:** For the longest time, Rocky and I wanted to be writing and everyone was like, "Okay, then write a song!"

**Eli:** We'd always get to a verse and then be like, "Cool - we're gonna play Xbox!"

**Ross:** The beginning products were always really good, but we just never finished them. We finally settled down in our house and put this record together and that's the only song we all wrote together and I think it's the best one.

**R5**  
debuted  
their song "F.E.E.L.  
G.O.O.D." on  
*Jimmy Kimmel  
Live!*

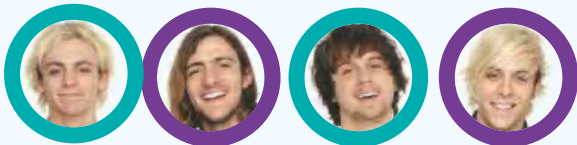

**We think so, too! Who came up with the idea to spell out the phrase "Feel Good?"**

**Rydel:** I have a great video of Ellington freaking out like, "Guys shut up, I have the best idea!"

## What can the R5 Family expect on the new tour?

**Ross:** We're probably gonna play the majority of *Sometime Last Night* and obviously some old songs too - most of the singles.

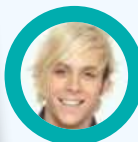

**Rocky:** Yeah, we'll probably play our favorite songs from the first album.

**Ell:** It's gonna be the most different show, a lot more going on.

**Riker:** That's a good way to put it - a lot going on!

**Ross:** Fabi, our tour manager, was at dinner with us last night and he said, "Well Ross, we basically have an arena show in a theatre and we're shoving some big lights into small spaces!"

## What kind of signs really catch your eye when you're onstage?

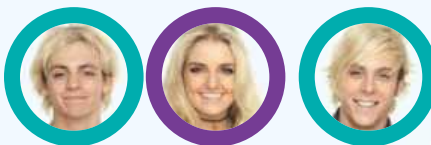

**Riker:** Comedic! A sign has to be really funny if you're gonna go with the sign. You're much more fun to interact with when you're just rocking out!

## Rocky:

Or one hand with the sign and one hand jamming out!

## What kind of stuff do you have on your tour rider?

**Ross:** We've always been healthy, so stuff like fruits and veggies and hummus.

**Rydel:** Mom requires Oreos and Ryland requires Gushers!

**Riker:** Yeah. We get Oreos and Pepsi for mom. I just recently requested bananas and almond butter for my pre-show snack.

**Rydel:** I like raspberries now - never did before!

**Ross:** And we're gonna put hacky sacks on there cause we always forget them!

# Talk!

**E**ven though Brad, James, Tristan & Connor are always on the road, that doesn't mean they're not searching for potential girlfriends! We asked the boys how they'd let a girl know they were crushing on her and here's what they said!

"If I'm trying to speak to them and spark up conversation," says Tristan, "Then that's a sign!" Connor, on the other hand, takes a more subtle approach. "I think it's best to keep her on the edge and make sure that you know you like her before you tell her," he says. As for the straightforward approach, that's all James. "I'm not very good at the whole flirting thing," he laughs. "I guess I'm too open about it, so I'd just tell her!"

The boys also opened up about what they look for in a girl! "I haven't really been on many dates," Brad says. "But what I look for in a girl is seriously!" Does that sound like you? James admits that generosity and loyalty are two very important traits. "I don't like girls who try too hard to be someone else," he shares. As for Tristan, all he wants is somebody with a kind heart! "Longlasting kindness is the best form of romance," he says. Aw! Connor adds, "Somebody with a sense of humor is always needed."

## The spill guys spill on their firsts!

### First Kiss:

**Connor:** It was in a park near Christmas time whilst it was snowing. I was awful! Haha.  
**Tristan:** My first kiss was at summer camp! I was 8!

**James:** I was 12. I was in France and the girl was 15. I was so nervous.

**Brad:** It was for truth or dare at my mate's house!

### First Date:

**Connor:** It was with this girl, her friend, and my friend. The other two left us on our own and did the typical bashing into each other giggling, haha!

**Tristan:** My first proper date was just well! shopping; it went well!

**James:** I can't remember having a first date as such. However, I do remember taking a girl to the cinema for the first time and being petrified trying to hold her hand!

**Brad:** I can't remember, I think I took her to the cinemas!

# Swifties, Fans & Fame

ALL PHOTOS AP IMAGES

We love how Taylor sees her fans as friends rather than just as disposable people who adore her. "They are cool and smart and hilarious and focused on the right things," she says. "I want to make the most of this cultural relevance or success or whatever you want to call it, because it's not going to last. I have to be as good a person as I can while my name still matters to them."

Um, we're pretty sure Taylor's name is ALWAYS going to matter! "I have to do everything I can to make their day better while I still can," she adds. "Sending presents is fun for me. If I go a week without sending something, I start to feel sad. I'm getting to know them on a person-by-person basis. When I pick people to send packages to, I go on their social media sites for the last six months and figure out what they like or what they are going through. Do they like photography? I'll get them a 1980's Polaroid camera. Do they like vintage stuff? I'll go to an antiques place and get them 1920's earrings. Do they work out a lot? I'll get them workout stuff. When you actually get to know them on a person-by-person basis, you realize what you're doing is special and sacred and it matters."

Taylor's also dedicated to her famous gal pals! "The thing about my girlfriends right now is that none of them needs me for anything other than friendship," she says. "I love the fact that they are all passionate about their jobs, whatever their jobs are." Even though they're all busy with their own schedules – Taylor and her BFFs always find the time for each other. Taylor even went to Zendaya's graduation ceremony back in June! How do YOU show your love and appreciation for those around you?

# Lauren's Life Lessons

**5** H's Lauren Jauregui recently did a Q&A on her Tumblr account and we think her answers are a must-read for every girl out there!

## **What message would you leave for the girls who feel insecure?**

We say this a lot but I'll say it 100,000 times if it means changing someone's mind about the way they look at themselves in the mirror. You're more than your body. You are a soul and you have a pretty mind and a pretty heart. Who declared what beauty was and left so many out of the category? Beauty is loving who you are. Beauty is loving others and recognizing their beauty. Beauty is that smile when you feel that moment of pure happiness. Beauty is love. It's not about your size, your weight, your skin, or your hair. You're HUMAN. It's what's inside that sets us apart and makes us cool. Love who you are and embrace your body. Learn to do what you need to do to love the skin your in!

## **How do you deal with anxiety/feeling stressed out?**

I think mainly, I've

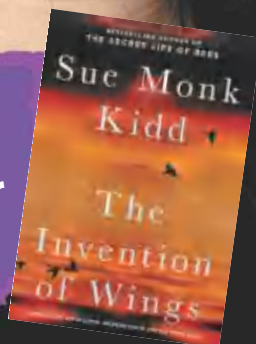

learned to breathe. I focus on breathing in through my nose and out through my mouth and allowing that to quiet my mind and my racing heart and stomach. Music is also just so therapeutic for me; I can't even begin to explain it. Writing out my feelings helps a lot too. I kind of look at it like... when I'm feeling so much I need it to come out of me, I put a pen in my hand and let the ink spill out of it as if it were my feelings. Or, I just let it all go on my Notes app. Reminding yourself to be and live in the present really helps a lot. Anxiety stems from fear of things we can't control. No matter how much I stress about the future or reminisce about the past, nothing will change either one from either unfolding the way it does or having unfolded the way it did.

## **If you could give one piece of advice to your younger self, what would it be?**

Stop comparing yourself to everyone else and start loving who you are, kid!

# CAMERON BOYCE

**1. What is something Kenny Ortega taught you that only he could've taught you?**

When we started the movie, he emphasized pace and that was a big thing for him. Being in a movie is a lot slower than a sitcom; pace is very refined.

That was one of the big things he taught me.

**2. Can you tell us what were your first impressions of your cast mates?**

I've known Booboo since I was five and he was nine! I've known Dove through the Disney family and my first impression of Sofia was that she's the happiest girl I know. It was very refreshing! We've all grown into siblings.

**3. Have you talked to any of your *Jessie* cast mates about the movie? Are they excited about it?**

Karan and I are like brothers; we're attached to the hip, so I've told him a lot and he's excited to see it!

**4. How long did it take you to get into your costume every morning?**

I'd say it took around 45 minutes. My outfit was 18 pieces so it was a lot!

**5. You guys shot in Vancouver at an actual school... what was that like?**

It was weird because they were still in session writing essays and we'd be down the hall shooting a scene, LOL. It was a beautiful campus though - it was the University of British Columbia! If that's what my high school looked like, I would never leave!

11

# BOOB00 STEWART

**1. We learned that you did some method acting to prepare for your role as Jay! Can you tell us about that?**

Yeah! When I was on set, I liked to be called my character name because it helped to have a more natural reaction when someone called out "Jay" while filming. I like to do it on most of the projects I'm on! To me, it's a nice thing because it separates your real life and work.

**2. How is this movie special and different to you compared to all the other sets you've been on?**

Well first off it's Disney! The life and the realm that you get to live in is something we've wanted to grow up in our whole lives as kids. I think it hits a little soft spot for sure.

**3. What is something Kenny Ortega taught you that only he could've taught you?**

Kenny Ortega is just the man! Honestly he's great. I think the calmness he has on set and the way he tells stories is really something to learn from.

**4. What would say are three reasons to watch Descendants?**

1. Amazing music
2. Great characters
3. A fresh start at Disney

# 10

**5. Can you tell us what were your first impressions of your cast mates?**

I've known Cameron for a long time; we went to the same dance studio! When we were at Disney, the whole cast and I read together and it just felt right.

## SOFIA CARSON

**1. What would you say are three reasons to watch Descendants?**

- A. It is epic.
- B. Kenny Ortega.
- C. It is the fairytale brought to modern day!

**2. How long did it take you get into your costume every day?**

Dove and I would come in at four in the morning and it would take us two hours, but it was so cool and the finished product was awesome!

**3. How did you prepare for this role?**

I went back and got inspired by the classic fairytales like *Snow White*! I worked with Kenny a lot to find that middle ground for my character, Evie! She's a villain and has that cool edge but she's also very soft and feminine.

**4. What did you learn from director Kenny Ortega?**

I would say his relentless pursuit of perfection. He had a vision for this movie and the set and he wouldn't rest until it came to life, which I admire.

**5. Can you tell us what were your first impressions of your cast mates?**

I loved them all!! I first met Dove and Booboo in my audition: Boo was quiet and shy, but he's so talented when he steps in front of the camera! Dove and I just clicked immediately and we all became a family.

DOVE

CAMERON

1. What would you say are three reasons to watch *Descendants*?

A. To experience the magic that is our director Kenny Ortega!

B. Because it has something for everybody like sports, action for guys or girls, romance and musical numbers.

C. Because I really, really, really want you to watch!

2. What is something that Kenny Ortega taught you?

How to do dance! I was a terrible dancer before this. I was a really shy girl growing up, but I did a lot of show choir, which isn't really like dancing. It's a lot of jazz hands and stuff like that, but that was kinda my only experience.

3. Do you think there might be more dancing projects in your future?

Yeah! I mean, I hope so because that's something that I've always wanted to add to my resume! I'm constantly working on my singing voice and my acting chops, but I've never really committed to dance in the same way. So, I'm hoping that it sticks.

4. You guys filmed in Vancouver. Are there any fun things that you did as a cast that you remember?

Heck yeah! My favorite night was one that was so embarrassing for Booboo – LOL. We went to see *X-Men* because Booboo is in it and it came out while we were filming! We sat in this theatre in Vancouver and Sofia and I kept screaming his name because he was on the screen! Haha!

5. Can you tell me your first impression of your cast mates?

Cameron Boyce and Mitch I already knew, he's a darling. Boo was so shy! He's one of the shyest people I've ever met. Sofia and I were best friends from the start!

## Hailee Steinfeld

Hailee is hotter than ever right now! Here, she spills her best style & skincare secrets!

### **My signature scent is...**

I ALWAYS wear Taylor Swift's *Wonderstruck* all the time! She always tells me I smell good when I wear it, LOL.

### **My style icons would have to be...**

Elizabeth Taylor, Natalie Wood, and Audrey Hepburn. I draw inspiration from the fact that these women were so poised!

### **My every-day look would be...**

I love an old rocker vintage tee, but I also love a graphic type. With jeans!

### **Before putting on any makeup, I always use...**

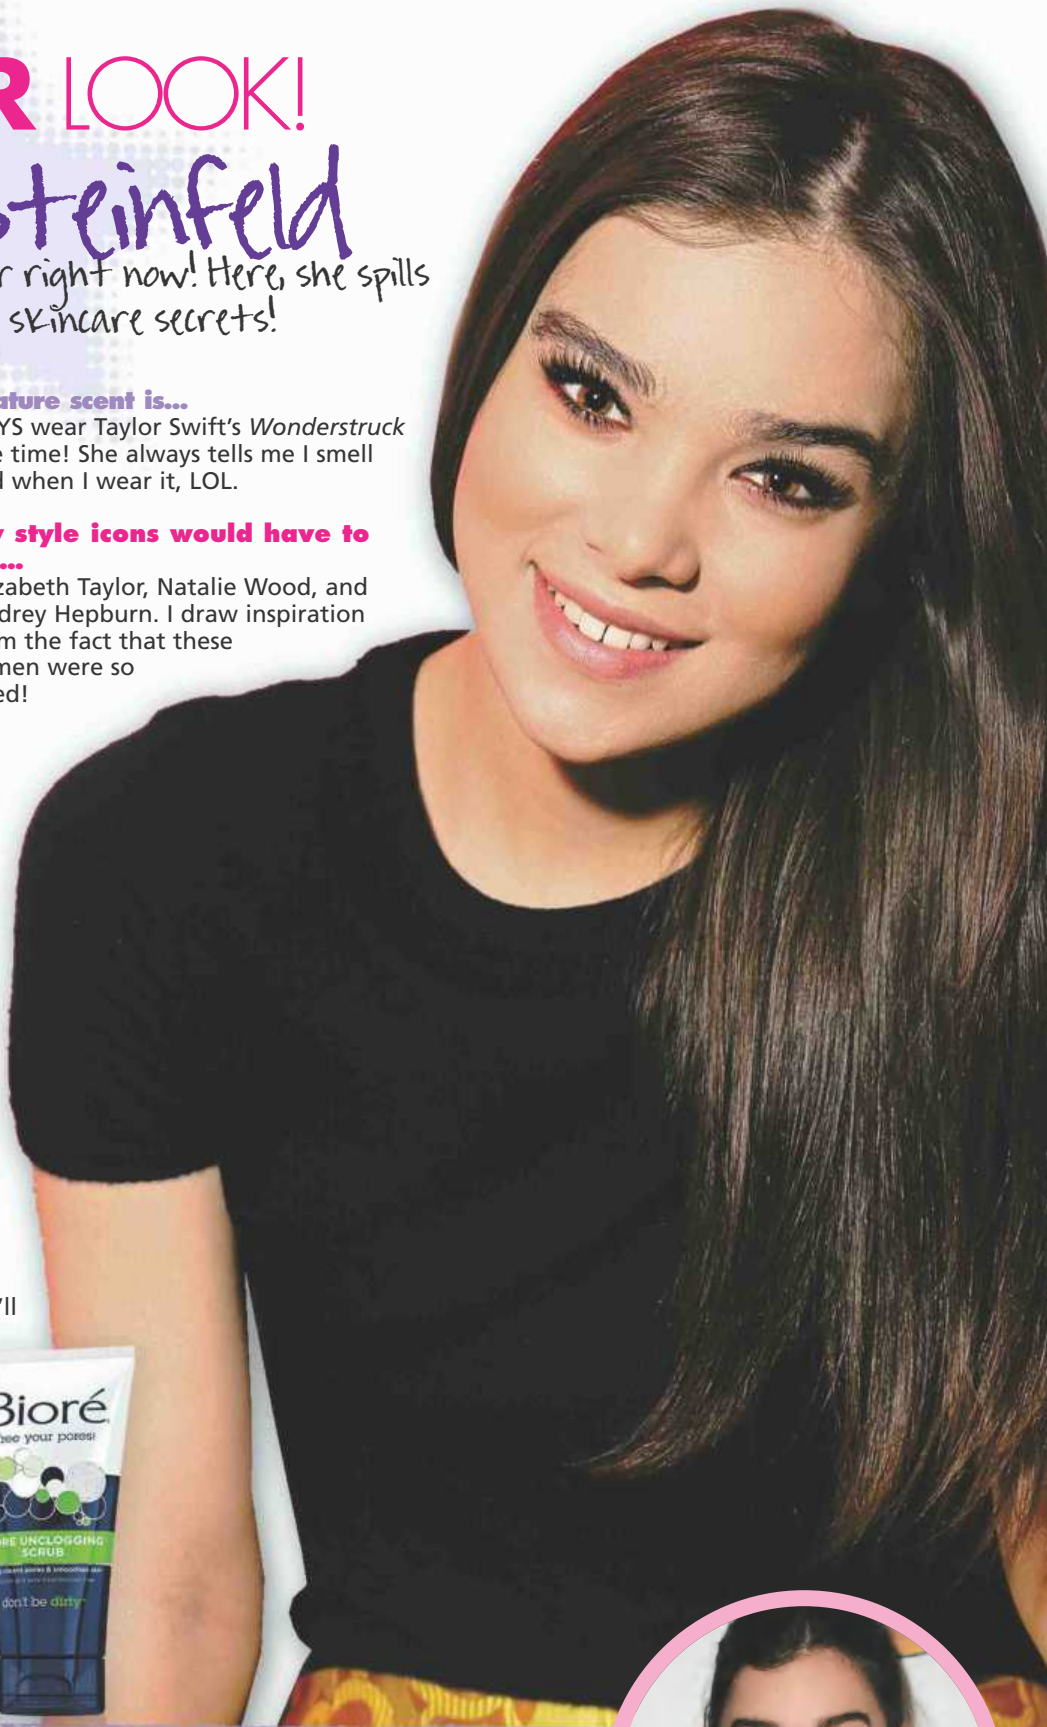

Bioré Pore Unclogging Scrub! It feels fresh, lathers beautifully, and smells really clean. A little attention to your skin before a big night definitely goes a long way!

### **My go-to hairstyle is...**

I'm actually pretty natural when it comes to hair care. I normally just kind of get out of the shower and throw it up in a bun! Sometimes, I'll do a braid! And bangs were something I wanted to do for a while and luckily while I was filming *Barely Lethal*, they accepted the idea!

### **My favorite feature is...**

My brows! I got very lucky with them. I wish I could tell you that I do something to maintain them, but I really don't. However, I've recently started filling them in for a fuller effect!

## Hailee's Top Makeup Tips:

1. On regular days, try to keep things simple. I think there's always a time and place for something dramatic!
2. Make sure to ALWAYS wash your face before going to sleep.
3. Don't forget to wear SPF!

## Madison Pettis Takes You Behind the Scenes of Her NFL Shoot!

**T**his is a very SPECIAL edition of my fashion column because I have exciting news to share! I'm so honored to tell you that I am the new celebrity ambassador of the NFL Tweens/Juniors Apparel Campaign!!! I'm obsessed with all of the clothes in the line because they are stylish, comfortable, & affordable! I know you're going to love them as much as I do! Working with the NFL is so exciting because I get to combine my love of fashion AND football!

Football has always been a big part of my life! I grew up in Arlington, Texas which is where the Dallas Cowboys stadium is located. In Texas, football is a way of life haha! My family always watched games on TV while we barbecued. My big brother played football & I went to all of his games, cheering from the bleachers! And I'm sure you remember my movie, *The Game Plan*, where I played Dwayne "The Rock" Johnson's daughter & he was a pro football quarterback! Football was a huge part of the film! We even got to shoot scenes at Gillette Stadium, which is the home of the Super Bowl Champion New England Patriots (that's a big reason I'm such a huge Patriots fan!)

The photo shoot for the NFL Tweens/Juniors Apparel campaign took place at a high school in Brooklyn, NY and was sooo much fun!! I'm sharing some behind-the-scenes pics with you here! All of the looks fit my personal style & I can't wait to see how you girls put together your own outfits! There are so many pieces to choose from—tees & tanks, sweatpants, & even nail decals (how cute is that??) I know you guys are gonna love it! Of course they're great to wear on game days to show love for your fave team & rep your hometown! But they're also so fashionable that they're great for everyday life too!

I grew up in Texas, where football was a huge part of life! Every Sunday we used to BBQ and watch the NFL games!

My fave look from the shoot was the Long sleeve Boat Neck Patriots tee with the boyfriend jeans, long white vest, & cute red heels! This look is the definition of "sporty chic." It plays off the Patriots colors (red, white & blue). I love how these styles can be worn to school or on the weekends, when you're working out, and of course on game day without having to sacrifice your personal style. It's also easy to dress up each piece like I did at the photo shoot. No matter what your personality is, the NFL Tweens/Juniors apparel line has so many choices!

I can't wait to see you guys rocking the line and incorporating the gear into your personal style. Happy football season!! xo, Madison

Pick up your favorite pieces from [NFLShop.com](http://NFLShop.com) & make sure you tweet me or tag me in your pics on Instagram & Twitter with the #NFLFanStyle, so I can see how YOU style your NFL gear! My Twitter & Instagram are both @madisonpettis!

## On The Road With Rydel

# Scranton, PA

**H**ave you ever been on a road trip and everything you eat is horrible? Well, that happened to us this past weekend, and of course we blamed #MANDRE (aka our managers, aka Mark and Andre).

Hahaha! But they certainly redeemed themselves when they found this cute little place in a cute little town in Scranton, PA. As you guys know, I LOVE FOOD. Who doesn't!? That's one of my favorite things about traveling all over the world — trying new restaurants and yummy, local grub, so there is nothing better than finding a really good restaurant.

**#MANDRE found Victoria's Gourmet Cafe. We went there for breakfast, in a limo...I know**

**suuuperrrr random. That was the car our "runner" had (we are assigned a runner at each venue so he can take us places if needed and this one happened to be a big white limo!) Anywho...**

**Victoria's Gourmet Café: the decor was kind of all over the place, in a good way. It was like Mardi Gras meets France, meets masquerade, meets Wendy's. haha! But no really, because it was in an old Wendy's. They had the ceiling covered in white pompoms and white angel wings. They also had this cute display of hats! They were all so adorable and would've been perfect for my tea parties!**

**Victoria herself was our waitress, and she was the sweetest person ever!**

**The restaurant used to be a Wendy's!**

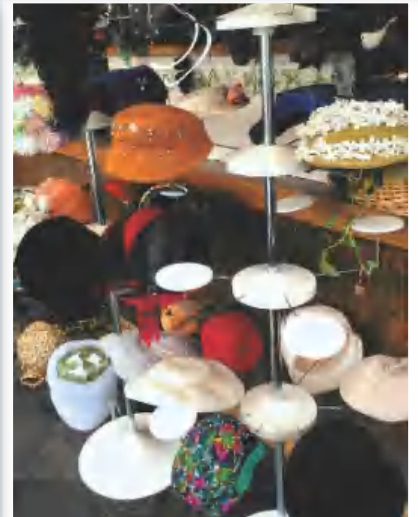

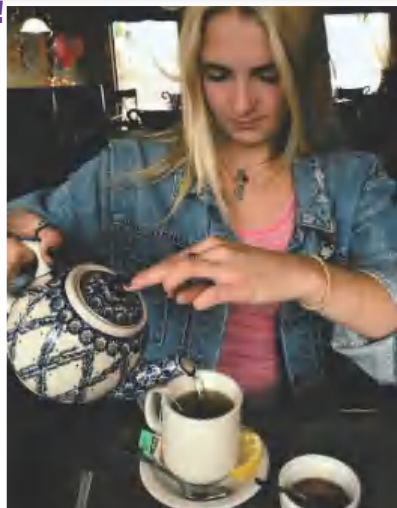

### The food was homemade!

I obviously couldn't go without having some yummy tea. They had a nice selection, too (I picked peppermint!) And it came in the cutest little tea pot! Victoria and her husband made all the food, homemade, and you could tell, because it was delicious! Most of the table ordered pancakes and yolk eggs, including me! Fun fact: I always put my eggs on top of my pancakes with lots of butter and syrup then eat it alllll together! The yolk mixed with the sweet syrup and everything omg....

Anyone else extremely hungry for pancakes right now??  
Yeah, me too. See ya!

**I got peppermint tea and it came in the cutest little tea pot!**

### Scranton Checklist

- Download the Yelp app on your phone! Helps you find good "hole in the wall" restaurants.
- Don't be afraid to try something new. You might end up being obsessed with something you didn't necessarily like before.
- Chat with the locals; it's nice to hear people's stories and getting to know them.
- If you ever find yourself in Scranton, PA, you know where to go!

# THAT JUST HAPPENED!

(CRAZY, AWKWARD & UNFORGETTABLE MOMENTS!)

## Security Slip 🤔🤔🤔

Going on vacation is supposed to be relaxing, but my clumsy self made it totally embarrassing! When my family and I made it to the airport, I was so excited that I practically ran to the baggage claim! Through my excitement, I missed the "WET FLOOR" sign and totally fell flat on my face... in front of the whole airport! It was SO embarrassing because I could hear everyone giggling! UGH – no more running in airport!

## Karaoke Queen 🤔🤔

For my BFF's birthday, we decided it would be SO much fun to go to a karaoke restaurant! When we got there, we all settled on performing a One Direction song because that's our favorite band! During mid-performance of "Steal My Girl," I spotted my crush sitting at a table with his family – he was watching the whole thing! I totally lost focus and forgot the lyrics... SO embarrassing because he laughed the whole way through!

## Carnival Crush 🤔🤔🤔

When my crush asked me to go to the carnival with him, I was SUPER excited! We stuffed our faces with a bunch of sweets and junk food and then decided it'd be fun to go on some rollercoasters! That was a bad idea! As soon as I got off the rollercoaster, my face turned green and I threw up! My crush was totally understanding and stayed with me till I felt better but I was SO mortified about the whole thing!

## Car Concert 🤔🤔

Whenever my mom drives me to the mall, I always make sure to blast some Fifth Harmony in the car! As we were driving, I rolled down the windows and practically yelled along when "Worth It" came on! I didn't even realize that I was dancing/singing so crazily until I looked over at the car next to us and they were staring right at me! They even clapped when the song was done! LOL – there's no shame in my 5H game!

## Makeover Madness

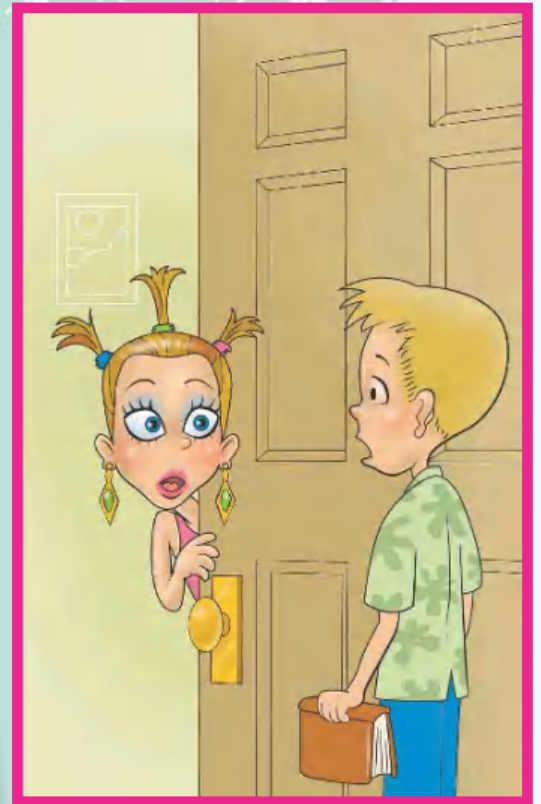

Whenever I babysit my little sisters, I always try to find something to do that'll keep them entertained. This time, I suggested they give me a makeover! Of course, that meant having lipstick and eye shadow smeared ALL over my face! I usually wouldn't mind, but my crush surprised me by knocking on my door mid-makeover to drop off a book he borrowed! When I answered the door, he was speechless...and not in a good way! LOL. I was so embarrassed, but now we just laugh about it!

## Baking Fail

When my BFF came over to hang out, we decided it'd be fun to bake cookies and a bunch of cupcakes! So, we put them in the oven and then decided to go catch up on *Austin & Ally* while we waited. We got so wrapped up in the crazy episode that we totally forgot about the cookies and cupcakes! By the time we turned the oven off, they were SO burnt and my mom yelled at me in front of my bestie!

## AWKWARD SCALE

**OOPS:** Awkward for a few minutes, but you'll get over it!

**YIKES:** We feel your pain!

**OMG WE CAN'T:** Hopefully your friends will forget about this one next week!

**HALL OF SHAME:** You'll probably remember this OMG moment when you have kids of your own, LOL! But don't worry, you'll be able to laugh about it!

## ARIANA'S HAD SEVERAL STAGE SLIP-UPS!

LIKE ANYONE ELSE, ARI'S HAD HER FAIR SHARE OF EMBARRASSING MOMENTS. DURING HER HONEYMOON TOUR, THE SINGER SLIPPED ON STAGE DURING HER PERFORMANCE...MORE THAN ONCE! "I ALWAYS EMBARRASS MYSELF," SHE SAYS. "BUT I THINK THAT WHEN YOU GET INTO EMBARRASSING SITUATIONS, YOU JUST HAVE TO REALIZE THAT IT'S NOT SO IMPORTANT. WE'RE ALL HUMAN AND WEIRD. WHEN YOU EMBARRASS YOURSELF, YOU JUST HAVE TO SHAKE IT OFF AND REMEMBER TO JUST LIVE FOR THE PRESENT. DON'T DWELL ON IT!" THAT'S GREAT ADVICE TO REMEMBER!

# 10 Random Q's with Jack & Jack!

## 1. Favorite emoji?

JG: The super chill sun!

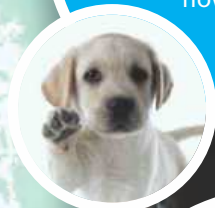

## 2. What would you bring to a deserted island?

JJ: A pilot and a fully-gassed plane!

## 3. If you were a dog, what kind would you be?

JJ: Labrador retriever – they're really chill and just go with the flow!

## 4. What's your dream collaboration?

JJ: Notorious BIG

## 7. Compare your music to a fruit!

JG: A fruit salad – each fruit being its own genre of music and every fruit is in the fruit salad!

## 9. Have you ever gotten starstruck over a celebrity?

JG: Liam Neeson. I was eating lunch next to him and I was like, "Liam Neeson!"

## 5. What's your most memorable fan encounter?

JJ: We were in our hotel room and it was about 3 AM and we heard some rustling by our door. And someone was slipping stuff under our hotel room door. So I look in the peephole and it was a couple of fans! I was like how do they know what room we're in!?

## 6. What would your name have been if you were a girl?

JG: My mom and my sisters told me I would have been named Allyson!

## 8. What's your date night style?

JJ: I love just going to the girl's house or her coming over and just watching a movie. Or maybe a nice little home-cooked meal, but I can't cook, so maybe order Chinese food! If I wanted to do a fancy date, I'd just take her to a restaurant and give her some flowers; I'm a pretty simple guy.

## 10. Who's your musical inspiration?

JG: Justin Timberlake. He can sing, he can dance, he can be a movie star – he's just the man. He's the guy I'm looking up to right now!

# Taylor's VIP Guests!

By

If her "Bad Blood" music video is any indication, Taylor Swift loves to keep her besties close. Even though she's making her way around the globe on The 1989 World Tour, she still makes time to hang with her pals - on stage! Gigi Hadid and Martha Hunt joined the show when the tour hit Detroit in May, and Cara Delevingne and Mariska Hargitay (a.k.a. *SVU*'s Olivia Benson) showed up in Philadelphia in June.

The real highlights, though, have been her very special musical guests, who also happen to be faves here at Music Choice: Echosmith and Rachel Platten!

The sibling band joined Tay on stage in Philadelphia! "There's this song that came out this past year, and it embodied how we all feel when we feel like there's just these people who are like so cool and we can't catch up with them," said Taylor. That's when Echosmith came out, complete with matching outfits to Taylor, who was wearing a sparkly white two-piece (Sydney opted for a white dress.)

Echosmith visited us at Music Choice when the song was just heating up, and Sydney said they didn't realize the song would be a hit when they wrote it. However, over a year later, the "Cool Kids" had an entire stadium singing along!

Taylor had another surprise in store for her show the following night: Rachel Platten! The up and-comer came on stage to sing her new song "Fight Song," which fans

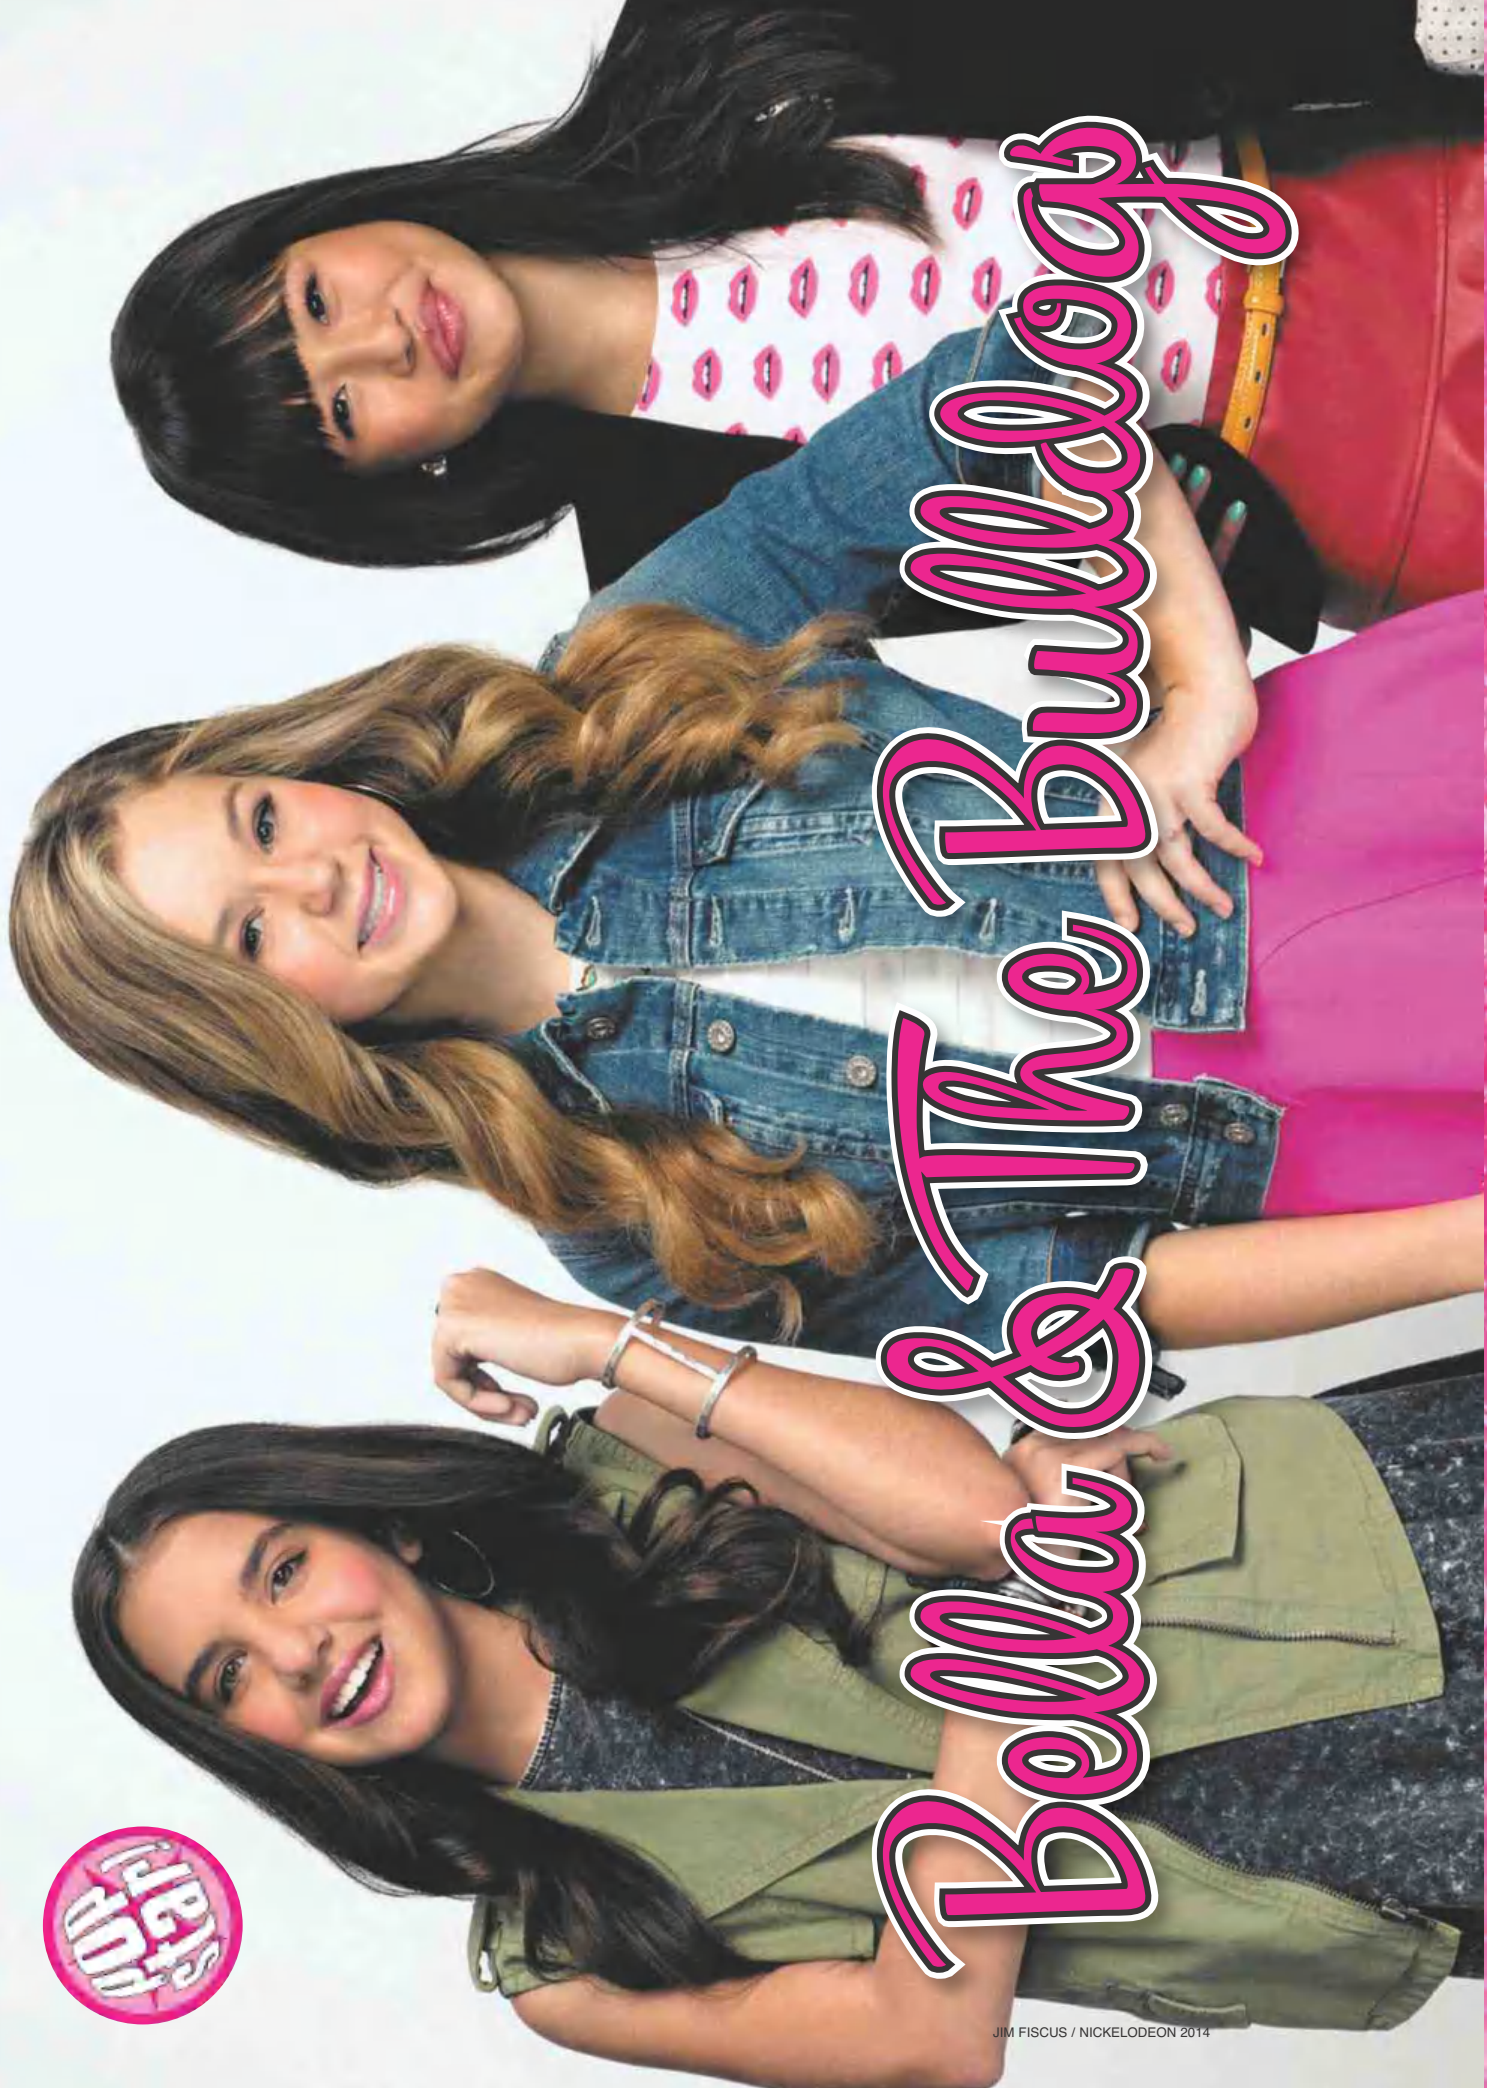

got a sneak peek of a week earlier on Taylor's Instagram. In the Instagram video, the pair is seen backstage with their country singer pal Kelsea Ballerini at a pre-along to the song. Their impromptu practice session paid off, because Rachel held her own next to Taylor!

Rachel gave us the inside scoop on "Fight Song" when she visited us at Music Choice. She said she wrote it to be her anthem when she was thinking about quitting music altogether. Rachel also told us that the song was even used in an episode of our fave show, *Pretty Little Liars*!

Taylor's tour continues through December - stay tuned to [popstaronline.com](http://popstaronline.com) to find out about her other special guests!

Carson

**F**irst off, let me just tell you...if I had a broken ankle and laryngitis, Netflix would be the only thing on my schedule. Carson Lueders had a cast on his foot (from a motorcross accident) and raspiness in his voice when I did my phone interview with him. But still, he didn't cancel on me. Which makes me think that somewhere along the way, someone informed him that talent is great, but talent AND a good work ethic are unstoppable. Either way, I was glad I got a chance to chat with the Spokane native, who just turned 14!

**Q: You get so many different gifts from fans, have you ever gotten something you've had to return to them...like they sent you one of their pets, or their little sister...something like that?**

**A:** [Laughs] No. They do send me some pretty crazy stuff, but never to that extreme! Sometimes they'll just send pictures that they want me to autograph and send them back. So we do actually send those back. Or if they send me a nice package, I'll respond to them and give them an autograph also.

**Q: I saw you get a lot of candy, too.**

**CL:** Oh yeah...the snacks are crazy. They'll send like candy from Brazil, Japan, you know, just everywhere. It's cool because it's like a little piece of their culture.

**MA: So do you have a favorite candy from another country?**

**CL:** Actually I do. They're like Japan's brand of Starburst, but I can't remember the name. They're really good!

**MA: I saw your Instagram and it looks like you're getting to meet**

**a lot of cool people. Who were you most excited to meet?**

**CL:** Well definitely Taylor Swift! She was just really nice to me. She actually like, pushed away her bodyguards to take the photo with me. And little things like that just show that she really cares about her fans and stuff. She's really, really nice.

**MA: So is it safe to assume you're more of a blonde guy rather than a brunette?**

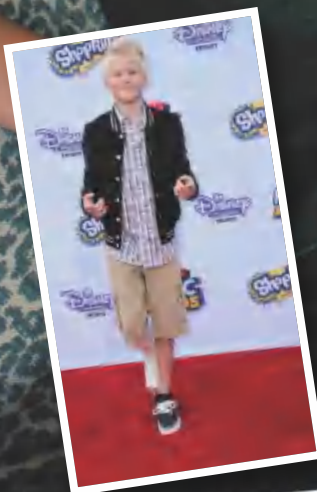

**CL:** Actually, I like both. It really doesn't matter to me.

**MA: Before we wrap up man, I gotta ask: If you could take one famous person to prom, who would it be?**

**CL:** Umm...off the top of my head...probably Ariana Grande. Cause she's not too tall, and I just like her!

**MA: Yeah, she wouldn't be towering over you, and now she's single. This is perfect. You need to send her a DMI on Twitter.**

**CL:** I do! She actually does follow me!

## Ask Me Anything!

**"If you could get one song lyric tattooed on yourself, what would it be?"**

**@MikeAdamOnAir:** Oh man...that is SUCH a tough question. But a good one. Okay, so you're gonna make fun of me, but you know what song lyric always stood out to me for some reason? That part in The Lumineers "Ho, Hey" when he says, "So show me family," I don't even know why, but I love it, and would probably get it tattooed on myself! It's just one of those lines that gives me chills every time I hear it for some reason...you know? (Say yes)

**Tweet Me**

**@MikeAdamOnAir and your question could appear in my next column!**

# Cody's Special Song

Earlier this summer, L.A. welcomed 7,000 inspirational athletes from all over the world to compete in the 2015 Special Olympics World Summer Games. The games support both adults and children with intellectual disabilities – and it's the largest sports and humanitarian event in the world! So how does Cody tie into this? Well, the "Free" singer got involved by joining the awesome team that recorded the unified song for the Games, titled "Reach Up!"

**Cody, Breanna, and Madison were all smiles while sipping on their personalized Coke bottles!**

**How sweet are Cody and Madison?! That looks like quite the hug!**

The song features Cody Simpson, Breanna Bogucki, a singer and decorated Special Olympics athlete from Illinois who has Autism, and Madison Tevlin, a young Canadian woman with Down syndrome who became a viral sensation earlier this year! The uplifting alternative rock song encourages everyone to never give up – and that's something we can always get behind! "It's an anthem," Cody says. "We want people to hear it and feel like they can do anything."

**Breanna and Madison were ecstatic to see Cody walking in - their grins say it all!**

**After recording "Reach Up," Cody made sure to share some of his new tunes too!**

# CRUSH ALERT!

## Ricky Garcia

**Ricky Garcia made his TV debut on *The X Factor* in 2013. Now he's juggling two high-profile roles: his hot boy band, *Forever In Your Mind*, and his new Disney Channel show, *Best Friends Whenever*! Here are ten facts about our new crush.**

Ricky got his big break when he appeared on *The X Factor* in 2013. His boy band, *Forever In Your Mind*, rocks!

**10.** Ricky was born in Puerto Rico and raised in Texas. But now that he's been living in the Golden state for a few years, he considers himself a Californian!

**9.** He was born on January 22, 1999, making him 16 years old and an Aquarius.

**8.** Ricky is 1/3 of Los Angeles-based boy band, *Forever In Your Mind*, whose single "Sweet Little Something" hit number 1 on Radio Disney!

**7.** FIYM is comprised of Ricky, Emery Kelly, and Liam Attridge. Ricky and Emery met on *The X Factor*, and Emery's cousin completed the trio in 2014. Fun fact: They sing the *Best Friends Whenever* theme song!

**6.** Ricky found out he got the role of Naldo by opening an envelope his manager gave him – the piece of paper inside said he won the part!

**5.** Last November, Ricky guest starred as Asher on an episode of *Girl Meets World*, and says that Rowan and Sabrina are the sweetest!

**4.** Ricky is obsessed with Chipotle! He used to always order burritos, but now he usually goes for their bowls!

**3.** Growing up, Ricky says he loved the show *Hannah Montana*; it's what made him dream about being on Disney Channel one day!

**2.** Ricky spills that his celeb crush is 5H's Camila Cabello – and even though he sees her all the time at different events and award shows, he still gets nervous! Aww!

Don't miss Ricky on *Best Friends Whenever*, every Sunday night, only on Disney Channel!

**1.**  
To get Ricky's attention on Twitter, tweet him something funny, like a cheesy pickup line! "Anything that makes me laugh," he smiles. You can follow Ricky on Instagram and Twitter @RealRicky Garcia!
